

## Art and Culture

### The National Parks

Canada's national parks have long been famous for their magnificent scenery and other attractions to the vacationist. Although established in the first place mainly as conservation projects they have become of great importance in the Dominion's tourist industry.

The attractions of the parks may soon be extended to include more than material conditions and environment. It is beginning to be realized that they afford an admirable background for those forms of recreation which embrace the cultural and the artistic. Nowhere can better settings be found for artists, either amateur or professional, and theatrical performances in the park settings take on qualities impossible elsewhere. Nowhere can recreation and mental improvement be combined to better advantage.

A successful beginning along these lines has already been made in Banff National Park, Alberta, where the Extension Department of the University of Alberta has, for several years past, been sponsoring a Summer School of Fine Arts. This year the school enrolled some 362 students drawn from many parts of Canada and the United States. Many more would have attended but for conditions arising out of the war.

The students at this school are able to combine study with recreation and pleasure in a most fascinating environment. The course lasts during the month of August and includes classes in sketching, painting, weaving and design, music and choral singing, and oral French. All branches of the theatre—acting, directing, staging methods, and play-writing—are studied. The majority of the instructors have been recruited either in Canada or the United States and are all prominent in the world of art, music, and drama. Postwar courses may include modelling and pottery, and perhaps photographic art.

The fact which has been taken in Banff will doubtless be followed in other parks where classes can combine study and recreation amid surroundings that are a dream of every art student. To be able to escape the heat of city and town and the turmoil of huge industrial centres, to practice your studies and favourite pastimes in the shade of towering snow-capped mountains, or by the side of turbulent streams and thundering waterfalls, or in quiet, wooded, lake-studded valleys is a refreshing thought, especially in midsummer.

It has been the pleasant experience of hundreds of fortunate students who have been able to go to Banff each year to study, to play, and to act in this vast mountain amphitheatre, where the scenery is breathtaking and inspiring and where Mother Nature herself provides the almost perfect lighting effects. It may also be possible in the postwar years to have similar schools in other national parks throughout Canada. Such a development, if broadened to include people in all walks of life, would have a profound influence on Canadian citizenship in the years that lie ahead.

## W.I. Hold Regular

### Monthly Meeting

The regular meeting of the Wainwright Women's Institute was held at the home of Mrs. C. Wilbraham on October 12th with ten members and one visitor present. Mrs. P. Dowlson presided in the chair in the absence of the President, Mrs. R. Greer.

Several committees reported. Tickets on a lovely quilt are now being sold. The splendid sum of \$106.00 was collected by members and all who contributed to the Jam for Britain Fund are thanked again for their support in this worthy cause.

Fourteen Ditty Bags have been packed and shipped for the Merchant Marines.

The W.I. has lost four good working members who have left to make their homes elsewhere. These ladies are Mrs. A. Lessell, Mrs. S. Simmons, Mrs. W. T. Brunner and Mrs. A. Clarke.

The next meeting will be held at the home of Mrs. A. Rattray on Nov. 9th.

#### COUPON CALENDAR

OCTOBER 26 - Valid  
Butter ..... Coupons 82 and 83  
Sugar ..... Coupons 44 and 45  
Preserves ..... Coupons 31 and 32

OCTOBER 31 - Expire  
Butter ..... coupons 78, 79, 80 and 81

## Local Girl Married

### At St. Thomas

A pretty wedding took place in Knox Presbyterian church at St. Thomas Ontario on September 29, at 4:30 p.m. when Padre Hall, R.C.A.F. united in marriage A.W.I. Margaret Victoria, second daughter of Mr. and Mrs. Wm. Carsell of Wainwright to Mr. Bruce Leon French second son of Mr. and Mrs. Norman French of Hamilton, Ontario.

The bride was lovely in a long white sheer dress with elbow length sleeves and peler pan collar embroidered in satin and wore a white shoulder length veil held in place by rose buds and carried a bouquet of red roses and white gladioli with baby's breath.

A.W.I. Mary Anderson of Toronto acted as bridesmaid and wore a long pale blue corded dress of organdy and shoulder veil of pink with flowers and carried a bouquet of pink gladioli.

Mr. Jack Borden of Hamilton supported the groom.

The reception was held at the Grand Central Hotel where the bride table was centered with a three tier wedding cake. After the reception the happy couple left on their wedding trip going to Niagara Falls and Buffalo. The couple will later reside at Hamilton, Ontario.

## Saville Named Liberal Candidate Battle River

Mr. Clifford Saville, well-known farmer of the Hardisty district, was nominated as Liberal candidate, for the Dominion constituency of Battle River at an enthusiastic and well attended nominating convention held here Thursday last.

In accepting the nomination Mr. Saville pledged himself to further to the utmost the needs of agriculture, and testified to the assistance given to the farmers during the war years in the way of supporting prices.

From the enthusiasm generated at the meeting by Liberals from all parts of the riding it seemed clear that the party plans to make a stirring fight for the Battle River seat in the forthcoming Dominion election battles.

Senator Wishart M.C. Robertson, president of the National Liberal Association, attended and delivered the main address of the gathering.

Senator Robertson praised the war record of the government and predicted Canadians would entrust administration of the nation's affairs in the difficult transition period from war to peace to the men who had served so wisely and well during the struggle against the Axis.

Continuing, Senator Robertson said in part:

I am not a political prophet but I will say this:

That if the people of Alberta vote in their own interest during the coming federal election, they will elect 17 supporters of the Mackenzie King government.

They will vote this way because this government's record of the last five years and the proposals which it is making for the future, indicating that it is most likely to maintain in the years that lie ahead the prosperity that this province is enjoying at this moment. More, perhaps, than any province in Canada, the economy of Alberta requires export markets for a very large part of its production. The Liberal government of Prime Minister Mackenzie King believes in export markets, wants to secure them and knows how to get them.

The Progressive Conservative party is divided in its councils as to the need, and in any event does not know how to make a trade agreement. The C.P. says it is not interested since it wants a Canada which would shut itself off from the outside world. If it once got into power you in Alberta or we in Nova Scotia could kiss good bye to any hope of export markets. 1933 would be prosperity as compared with what would happen in this province under such a policy.

#### ELECT OFFICERS

Allan Johnstone, Hardisty, was elected president of the Battle River Federal Constituency Association. James Adam of Vermilion was elected secretary-treasurer and the following vice-presidents were named: David Johnstone, Provost; William Stewart, Hughenden; A. P. Hunter, Innisfree; Joseph McKenzie, Wainwright; Homer Campbell, Clonald; George McConnell, Derwent; A. Rigelhof, Clonald and James McCorry, Kitacoity.—Con.

## Bd. of Trade Given Financial Report

The Wainwright and District Board of Trade met in the Council chambers of the Town of Wainwright on Wednesday evening, October 11, 1944. Seven members present. President L. W. Smith in the chair.

The President and Secretary presented a Financial Report of June 30, July 1, 1944 Sports Days as follows:

RECEIPTS	
Crescent Shows	\$ 150.00
Commissions	20.00
Gate Receipts	1328.50
Total	1498.50
DISBURSEMENTS	
Expenses on grounds	116.30
Sports expenses	291.01
Adv. and tickets	50.22
To Sea Cadets	150.00
To Wainwright Band	100.00
Net Proceeds	790.97
	1498.50

Moved by Messrs. Huntingford and Finlay that the Report be accepted and that the donation of the Beaver Lumber Company, their account of \$7.98 be accepted with thanks. Cd.

The following Committee was nominated by the Chair to be known as the Sports Committee: Messrs. Finlay, Cork, Counts D. Sutherland and Rev. Richard.

The account of the Wainwright Star advertising September and October 1944 \$3.00 ordered paid.

Mr. Smith reported on the Mobile X-Ray Unit that 1075 people had passed through the Clinic.

Correspondence from the Wainwright Branch of the Canadian Legion re Legion Canteen site read and filed.

Mr. Huntingford addressed the meeting with reference to purchasing a booster in the Wainwright Star for the 7th Victory Loan, after discussion same was authorized on Motion of Mr. Armishaw and Rev. Richard.

Mr. Armishaw Unit Organizer for the Irma-Wainwright 7th Victory Loan Campaign spoke on the Loan quota and solicited the support of every member.

No more business, meeting adjourned.

Total for the first day of the Seventh Victory Loan canvas has just reached us and was \$68,200,300 as compared with \$74,276,00 in the previous drive.

Individual sales came to \$19,858,300 approximately \$14,000,000 below daily average required if minimum objective of \$600,000,000 is to be reached.

## Miss Eleanor Cork Weds in Ontario

In a lovely setting of gladioli at All Saints' Church the Rev. R. Charles Brown united in marriage Miss Eleanor Cork of Church street, daughter of Mr. and Mrs. Earl L. Cork of Wainwright, Alberta and FO. Russell T. Mack, R.C.A.F., stationed at Gander Newfoundland, formerly of Windsor, son of Mr. and Mrs. G. Mack of Toronto.

Given in marriage by Mr. George Foster, the bride wore a pale blue sheer frock, fashioned with a round neckline, bishop sleeves and braid trim on the bodice. She wore a miniature hat with shoulder length veil and carried a colonial bouquet of pink roses and white chrysanthemums.

Miss Jean Hynd, as the bride's only attendant, chose autumn gold silk jersey, styled with a matching ruffled yoke and a deep V neckline. She wore a brown feather hat and carried a colonial bouquet of cream roses and bronze baby chrysanthemums.

Mr. James W. Ayerst was best man and Mr. Bill Gask sang during the ceremony.

A wedding dinner for the immediate families was followed by a reception for about 40 guests during the afternoon.

Mrs. Cork chose for her daughter's wedding a two-piece blue frock with a corsage of red roses and Mrs. Mack wore a violet dress styled on draped lines, and cream shoes. Assisting in receiving was Mrs. George Foster, wearing a blue suit and Tallman shoes.

Later FO and Mrs. Mack left on a wedding trip to Niagara Falls and other eastern points, the bride traveling in a chocolate brown two-piece suit with velvet trim and matching accessories.

Out-of-town guests for the wedding included FO Ed Holman of Gander and Miss Eleanor Sanderson of London.—Windsor Star.

#### ILLEGAL TO TAKE

LOOSE COUPONS

Emphasizing that fair distribution of rationed goods depends upon the existing rationing system and that validity and expiry dates of ration coupons is worked out according to the supply situation, the War-time Prices and Trade Board reminds consumers that it is unlawful to give dealers loose coupons of any description.

Mr. and Mrs. Roland LaFrance arrived from Quebec last week end to visit relatives here.

## Club Members Fete Departing Members

The regular meeting of the Patriotic Service Club was held recently at the home of Mrs. Torrance. It took the form of a social gathering in honor of two of the Club members, Mrs. Brunner and Mrs. Simmons who are leaving to make their home elsewhere.

Each of these women was presented with a small gift. Both will be greatly missed and the remaining members wish them the best of luck in their new home.

Mrs. Stuart assisted in serving lunch and a very pleasant hour was spent over the tea cups.

## Afternoon Shower For Bride Elect

Miss Beanie Bowerman entertained a number of her friends on Thursday afternoon last at a miscellaneous shower in honour of Miss Helen Chynoweth a bride-to-be of this week.

The afternoon was pleasantly spent with games and contests after which the hostess served a delicious lunch.

After lunch Miss Bowerman presented the guest of honour with a dainty pink and white basket of gifts for which she very fittingly thanked those present. All joined in wishing Miss Chynoweth much happiness for the future.

## Former Wain. Boy Receives Award

Word has been received by Mr. C. E. Callas that his youngest son P/O C. E. Callas (Edgar) 20, has been awarded the Distinguished Flying Medal overseas. He had also received his commission recently as Pilot Officer.

Since arriving overseas a year ago P/O Callas has completed a tour of operations and a course as Flying Instructor.

Born in Wainwright and receiving his Public School education here he attended the Edson High School and before enlisting was a projectionist in the Edson Theatre.

Mr. and Mrs. Lawrence Dahl accompanied by Mr. and Mrs. Jimmy Stranahan were trippers to the city the first of the week for a few days.

Bitterness is an admission of defeat

## Council Sells More Lots at Short Meeting

This is the official record of the proceedings of the Council of the Town of Wainwright at their regular meeting held on the 17th day of October, A.D. 1944, in the council chamber of the Town of Wainwright.

The members of Council present at this meeting were Mayor Middleton, Councillors Leggett, Coleman, Stafford, Cork, Torgy and Robinson.

The recorded proceedings of Council at their regular meeting of October 3rd, 1944, were read, and on motion of Councillor Stafford were confirmed as written.

On motion of Councillor Robinson, that the Report of the Municipal Inspector, bearing date of September 28th, 1944 be received and ordered special filing and that the Mayor acknowledge receipt of same.

A communication was read from Mr. L. W. Smith, reporting the successful operation of the T.B. Clinic and requesting the Town's contribution of \$12.00 and on motion of Councillor Coleman that this be acknowledged and a cheque for this amount issued.

On motion of Councillor Coleman, that letter from the Secretary of the Wainwright and District Branch of the Canadian Red Cross Society, tendering thanks to Council for use of Town Hall Building for the recent large blood donor clinic held at this point, be received and filed.

On motion of Councillor Stafford, that the application of Mr. Lewis B. Wallace of Wainwright, to purchase Lot 5 in Block 42, Plan 945-2, be accepted by Council pending the passing of the necessary by-law.

On motion of Councillor Stafford, that the communication from the Secretary, Alberta Assessment Commission, advising the confirmation of the present assessment of the Alberta Pool Elevator property, be received and filed.

A letter of condolence was forwarded to the Hon. J. A. McKinnon on the loss of his wife, on behalf of the

Mayor and Council of the Town of Wainwright and on motion of Councillor Cork that his reply to same be filed.

On motion of Councillor Torgy, that letter from Mrs. L. E. Stuart, Secretary of the Wainwright War Service League, acknowledging grant of \$44.33 be received and filed.

On motion of Councillor Stafford, that a letter be written to the Minister of Public Works, Edmonton, requesting the gravelling of the Wainwright-Vermilion Highway at the earliest opportunity.

On motion of Councillor Robinson, that assent be given to the introduction of a by-law concerning the sale of Lot 5 in Block 42, Plan 945-2, to Lewis B. Wallace of Wainwright, for the sum of \$25.00.

On motion of Councillor Coleman, that By-Law Number 402 receive its first reading.

On motion of Councillor Stafford, that By-Law Number 402, receive second reading.

By-Law Number 402 read for the second time.

On motion of Councillor Cork, that By-Law Number 402, by unanimous consent, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to affix their signatures thereto together with the Corporate Seal of the Town of Wainwright.

By-Law Number 402 received third and final reading.

On motion of Councillor Robinson, that assent be given to the introduction of a By-Law concerning the transfer of Lots 12 and 13 in Block 28, Plan 6445-V, to Albert Edward Ripley of Edgerton, in exchange for Lots 37 and 38 in Block 8, Plan 6446-V.

On motion of Councillor Torgy, that By-Law Number 403, receive its first

reading.

By-Law Number 403 read for the first time.

On motion of Councillor Cork, that By-Law Number 403 receive second reading.

By-Law Number 403 received second reading.

On motion of Councillor Stafford, that by unanimous consent, By-Law Number 403, receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to sign same and affix thereto the Corporate Seal of the Town of Wainwright.

By-Law Number 403 then received third and final reading.

On motion of Councillor Robinson, that assent be given to the introduction of a By-Law authorizing the purchase by the Town of Wainwright of a fully registered bond, 1962 maturity, of the Dominion Government's Seventh Victory Loan, in the amount of \$1000.00.

On motion of Councillor Torgy, that By-Law Number 401, receive first reading.

By-Law Number 401 read for the first time.

On motion of Councillor Cork, that By-Law Number 401 receive second reading.

By-Law Number 401 read for the second time.

On motion of Councillor Stafford, that By-Law 401 receive third and final reading and that it be assigned its title as in the original motion and that the Mayor and Secretary-Treasurer be authorized and instructed to sign same and affix thereto the Corporate Seal of the Town of Wainwright, forwarding same to the Minister for approval.

By-Law Number 401 received third and final reading.

On motion Council was regularly adjourned.

## Big Parade Saturday Opens 7th Victory Loan

Wainwright's Victory Loan Committee got the 7th Victory Loan away to a flying start on Saturday last when they staged a splendid parade. To the onlooker perhaps the adjectives 'gigantic' and 'mammoth' would not apply to Wainwright's effort but the words 'wholehearted' and 'enthusiastic' certainly would be applicable.

All the participants from the small child to the oldest veteran marched along the route of the parade, from the Town Hall to the Post Office to the stirring band music of the Town Band under the direction of Mr. Frank McLeod. What the parade lacked in size it made up in color as it swung down the Main street with Mr. Chas. Horn as parade director. The Band was followed by the High School pupils very gay in their yellow school sweaters and after them came the pupils of the Intermediate school clad in their blue school sweaters. Adding to the colorful scene, the "Miss Canada" girls in their familiar patriotic costumes marched followed by an armed guard of the Wainwright Sea Cadets, who, as always made a fine addition to the parade. The spectators were next greeted by the sight of "Kids" and more "Kids" dressed in all manner of costumes - all of them showing that a great deal of thought and work had gone into making. Prizes of War Savings Certificates had been offered by the Victory Loan Committee for the most original costume. A highlight of the parade was a float under the direction of Lawrence O'Rourke on which were the effigies of Hitler, Mussolini and Hirohito hanging quite dead from a scaffold. The Wainwright Military Camp contributed two Army trucks towing huge guns and their massive wrecker which brought up the parade.

All groups were halted at the Post Office building where brief addresses on the importance of the citizens buying Victory Bonds were given by Mr. P. Armishaw as Unit Organizer, Mr. J. A. MacKenzie, R.C. representing the Wainwright Branch of the Canadian Legion, Mr. L. W. Smith speaking as a representative of the Board of Trade and Mr. W. J. Huntingford on behalf of the Loan Committee.

The prizes for the children's costumes were then distributed to various winners, the judging being done by Mrs. F. G. Conroy, Mrs. L. Baxter and Mr. Alex Adams. The task was difficult but after some deliberation the results were as follows:

Lawrence O'Rourke and companions from the Separate School—Float Billy Harley—Indian Boy; Patricia Harden—14th Victory Loan Girl; Marjorie Conroy—Red Cross Nurse; Miss Canada Girls and Sea Cadets.

A special prize was awarded to wee Donny Hume who was a very en chanting 'Superman' with the slogan "Buy Bonds" lettered on his cloak.

Thus Wainwright gave the 'go ahead' signal to the citizens who are being asked to lend their money to their country so that our boys can finish the job and return home.

The Committee wishes to draw the attention of the public to the Navy, Army and Airforce displays which are creating a great deal of favourable comment from one and all. These are to be seen at the Alma Food Market, Pattersons Store and Armstrongs. They also wish to thank everybody who co-operated so heartily in making the parade a success and special thanks to Mrs. Frank Stevens who is in charge of Public Relations for the Victory Loan Committee.

#### RCAF STOP RECRUITING

Demobilization of Canada's air force of 190,000 men and 14,000 women has started. More than 4,200 junior airmen, training for air crew duty are being discharged at once. Most of them, if not all, will have to join the army or navy or be drafted. Recruiting for the R.C.A.F. is over, discontinued some months ago, it will not be resumed. The reason is that air superiority over Germany is now complete and graduates will still come rolling off the Commonwealth air training plan in Canada at the rate of thousands a year. It will be 18 months or more before all those now in the R.C.A.F. complete their training. More than 114,000 air crew members have been trained in Canada under the joint system. Total cost has been \$2,192,000,000 of which Canada is paying \$1,888,500,000. Of all airmen trained in this 60,500, well over half, were Canadians. In addition to its own cash contribution, Canada has financed Britain's share of the air plan cost to the extent of \$442,500,000.

## United Church Scene Of Pretty Wedding

The United Church, decorated with assorted flowers and ferns, was the scene of a very pretty wedding on Friday afternoon, October 20th, when Echo Marcella Plater eldest daughter of Mr. and Mrs. Aleck Plater of Greenhills was united in marriage to Douglas Kilborn Roach, only son of Mr. and Mrs. William Roach of Edgerton. Rev. A. D. Richard performed the wedding ceremony.

The bride entered the church on the arm of her father and was charming in a floor length gown of silk jersey with fitted bodice, sweetheart neckline and long fitted sleeves. She wore a chapel length veil of silk embroidered net which was held in place by a coronet of tiny white roses. Her only ornament was a gold pendant which had belonged to the groom's grandmother, and she carried a small white gold-trimmed Bible, a gift of the groom, with a spray of sweetheart roses.

Mrs. Charlie Stewart, sister of the bride, attended as matron of honor and was lovely in a floor length gown of baby pink sheer with full skirt and girle waistline with daintily embroidered bodice. She wore a tiny pink hat to match and carried a bouquet of pink carnations. Her only ornament was a small gold locket. Miss Jean Roach acted as bridesmaid and was pretty in a pale mauve tulle and toe-length gown styled on Princess lines. She wore long white gloves and carried a bouquet of mauve mums and wore a matching spray as her headdress.

Little Marwayne Stewart (niece of the bride) and Karen Britton (cousin of the bride) acted as flower girls and were charming in their little flower length silk net gowns of white and pink respectively, with tiny hats to match. Each carried a bouquet of pink and white carnations and fern.

Mr. Merritt Rublee supported the groom as best man and Russell Taylor and Charlie Stewart acted as ushers at the church and later at the reception.

Mrs. Seth Oldham presided at the organ during the ceremony and Mrs. Paul Britton (aunt of the bride) sang "Till Walk Beside You Through the Years" during the signing of the register.

A reception was held in the Masonic Hall later where some ninety guests were entertained. To receive Mrs. Plater chose a black two-piece sequin trimmed frock with black accessories and wine velvet hat. Mrs. Roach received in a two-piece gown of royal blue crepe with wine hat and accessories.

The bride's table was set in frost white linen and centred with the three tiered wedding cake. Mr. Haywood, an old friend of the family proposed a toast to the bride to which the groom responded. Mrs. Paul Britton sang a solo "All Thru the Years" while tea was being poured by Mrs. George Reid of Greenhills and Mrs. Harry Pugh of Hope Valley. The Misses Muriel and Devina Hill, Elsie Haywood, Edna Sheen, Jacque Jackson, Margaret Taylor, Esther Almost and Mrs. Dick Pickard acted as servers.

Out of town guests at the wedding included Miss Jean Roach and Mrs. Elgin Wilcox (sisters of the groom) Winnipeg; Mr. and Mrs. Paul Britton, Edmonton; Mr. and Mrs. W. J. Stewart and Mrs. A. Wright, Hughenden and Mr. and Mrs. Ross Almost and Esther, Czar.

A wedding dance was held later in the evening in the Masonic Hall where a large number of guests and friends enjoyed several hours dancing to the strains of the Wilson orchestra.

The happy couple left later on a wedding trip to Edmonton and Calgary. For travelling the bride chose a brown silk jersey dress with brown accessories and a brown tweed coat. Later the couple will make their home in the district.

Mr. and Mrs. Albert Rattray accompanied by Miss Helen Chynoweth motored to the city last week end.

Mr. and Mrs. B. Hodgkiss, Sr. returned home last week after a holiday spent visiting relatives at Preston and Toronto.

Last week saw over two thousand No. 5 Ration Books distributed in the Wainwright district alone. Much credit for the success of the campaign is due the six volunteer ladies who worked each afternoon during the distribution, these being, Mesdames A. S. Rattray, L. Baxter, L. Dahl, F. Stevens, R. Wilson and E. Gehring.

We would not have so many things upon our minds, if we had more people on our hearts.

WAINWRIGHT, WEDNESDAY, OCTOBER 25th, 1944

## WE CAN'T QUIT NOW

Investing in Victory in the 7th  
 Loan helps Canada to fight inflation,  
 the danger which is more acute than  
 ever. Former Victory Loan invest-  
 ments can best be protected by fur-  
 ther purchases.

We must not falter. Victory is  
 near but the hardest battles have yet  
 to be fought. With our dollars we  
 can back up our invasion armies.

Look at the headlines today.  
 They tell vividly what our Cana-  
 dian fighting men are doing on the  
 battlefronts of Europe.

What would happen to us if these  
 men said "We've done enough"?

We know, of course, that THEY'LL  
 never quit.

We know, too, that you won't let  
 them or Canada down. That you  
 won't say "I've done all I can".

Yet know the benefits of Victory  
 Bonds. They are the safest invest-  
 ment in the world. They secure your  
 future.

Some day soon, our boys will come  
 home again.

Home—after having done their  
 duty and played their part in the  
 bitterest, cruellest fight of all time.

And you?

Will you be able to welcome them  
 back with nothing but sheer joy and  
 thankfulness in your heart?

Or will the sight of them remind  
 you, for the rest of your life, that  
 even though your job was unutterably  
 easier than theirs, you still didn't do  
 it—you didn't quite measure up?

That would be a miserable thing  
 to have happen to you. It would be  
 a miserable feeling to carry through  
 the years.

So don't take any chances. Think  
 of your future and theirs. Buy bonds  
 in the 7th Victory Loan to the limit  
 of your ability.

"You may be in the right, and I in  
 the wrong," said Oliver Cromwell,  
 "but if we be divided—we shall both  
 be in the wrong."

If we plant character in our home,  
 it will blossom in the nation.

When it comes to the pattern for  
 a new world, we have to live it before  
 we can give it.

### COOPERATIVE COMMONWEALTH FEDERATION REPUDIATES ELECTION PROMISES

Last national Cooperative Common-  
 wealth Federation gathering was the  
 Canadian executive at Regina over  
 last New Year's. At this meeting it  
 was decided that, if the party could  
 win provincial governments but not  
 the federal government, socialization  
 of industries should be proceeded with  
 on a provincial basis as far as this  
 is legally possible. Since then the  
 party has been successful in only  
 one provincial contest—Saskatche-  
 wan. To date its only effort to make  
 good its election promises of more  
 financial aid to the farmers, has been  
 to petition Ottawa to assume federal

### JUDICIAL SALE OF FARM PROPERTY BY TENDER

Pursuant to an order of the Supre-  
 me Court of Alberta, and of cer-  
 tain directions for sale, sealed ten-  
 ders will be received for the pur-  
 chase of the following parcel of farm  
 property, situated seven miles from  
 Heath, Alberta, to be sold in one  
 parcel.

Firstly: All that portion of the  
 South East Quarter of Section  
 Twenty-three (23), Township Forty-  
 five (45), Range Five (5), West of  
 the Fourth Meridian, in the Province  
 of Alberta, not covered by any of the  
 grants of Lake No. 1, as shown upon  
 a map or plan of survey of the said  
 Township of record in the Depart-  
 ment of the Interior, containing One  
 Hundred and thirty-four and forty  
 hundredths (134.40) acres more or  
 less; excepting thereout Three and  
 sixty-five hundredths (3.65) acres  
 more or less for a road. Reserving  
 unto the Canadian Pacific Railway  
 Company all coal.

Secondly: All that part of the  
 South West Quarter of Section 24,  
 in said Township, not covered by the  
 waters of Lake No. 1 as shown on  
 said plan, containing 122.70 acres  
 more or less; reserving thereout all  
 mines and minerals.

Subject to the conditions and re-  
 servations contained in the original  
 grant from the Crown or in the ex-  
 isting Certificate of Title thereto,  
 and subject to all taxes, rates and  
 assessments imposed thereon, subse-  
 quent to the 31st day of December,  
 1943.

The land consists of 253 acres  
 more or less, being 5 acres brush, 5  
 acres slough, with 228 under cultiva-  
 tion. Another 25 acres could be brok-  
 en.

The top soil is 8 to 10 inches in  
 depth and has a subsoil of clay.

The nearest post office and grain  
 elevator is at Heath.

The nearest school is 2½ miles  
 away.

The buildings are as follows:  
 House, 18x20, log walls, sheeted  
 lumber, shingled roof; Barn, 64x20,  
 frame shanty roof shingles; Granary  
 10x16 frame shingle roof.

There are two wells.

The land is fenced with barbed wire  
 willow posts a rod apart.

The sale will be subject to an up-  
 set price of \$7,320.00.

Tenders must be enclosed in sealed  
 envelopes marked, "Tender re Cana-  
 da Permanent Mortgage Corp. re  
 Joseph Edward Hill No. 32247" and  
 addressed to the Clerk of the Supre-  
 me Court, Court House, Edmonton,  
 and must be in the hands of the  
 said Clerk not later than 12:00  
 o'clock noon on the 31st day of  
 October, 1944.

**TERMS OF SALE**  
 Each tender must be accompanied  
 by a marked cheque or cash for 10%  
 of the amount of the tender, and the  
 balance of the purchase price shall  
 be paid into Court within forty days  
 after the acceptance of the tender,  
 without interest, the Purchaser to  
 make his own arrangements for the  
 money by way of mortgage or other-  
 wise.

The deposit of 10% shall be for-  
 feited by the successful tenderer if he  
 refuses to carry out the purchase af-  
 ter the acceptance of his tender.  
 Cheques of unsuccessful tenderers  
 will be returned to them immediately  
 after rejection thereof; the highest  
 or any tender not necessarily accept-  
 ed. In all other respects the terms  
 and conditions of the sale will be  
 standing conditions of sale of the  
 Supreme Court of Alberta as far as  
 the same are applicable hereto.

For further particulars apply to  
 Messrs. Newell, Lindsay, Emery &  
 Ford, Barristers, Canada Permanent  
 Building, 100th Street Edmonton,  
 Alberta.

DATED at the City of Edmonton,  
 in the Province of Alberta, this 5th  
 day of October A.D., 1944.

"R. P. WALLACE"  
 C.S.C.

responsibility for debts which the  
 provincial government had shared the  
 obligation to meet. Of its own  
 volition, the Saskatchewan govern-  
 ment, at this distance, appears to  
 have done nothing to improve the  
 lot of Canadians in that province.  
 There was little chance for confis-  
 cating industries there, but if the  
 socialists should come into power  
 elsewhere they would probably pro-  
 ceed to take over private businesses  
 as an alternative to constructive  
 measures for permanent improve-  
 ment of the lot of Canadian men and  
 women.

### CANADIAN SHIPS FOR CANADIAN TRADE

The federal government has com-  
 mitted itself to an aggressive policy  
 of external trade for Canada as the  
 surest course to domestic prosperity  
 and as a bulwark against another  
 depression. Now it seems that Cana-  
 dian overseas trade will be to a  
 large extent carried in Canadian  
 built, owned and operated ships. This  
 is important to all exporters as it  
 means Canadian control of ocean  
 rates for Canadian exports. Since the  
 start of the war Canadian shipyards  
 have built 343 cargo ships totalling  
 close to 3,500,000 tons. Of these 253,  
 or a total of 2,500,000 tons, remain  
 under Canadian ownership and opera-  
 tion.

### OVERSEAS REINFORCEMENTS AND MEDICAL TREATMENT PRAISED

The story that untrained Cana-  
 dian reinforcements were sent to  
 France and Belgium to replace Cana-

dian troops who suffered casualties  
 there, is negated by Lieut. Gen.  
 Simonds, second in command of the  
 Canadian overseas army, as reported  
 by M. J. Coldwell, Cooperative Com-  
 monwealth Federation Party leader.  
 Gen. Simonds told Mr. Coldwell that  
 reinforcements have been entirely  
 satisfactory both as to numbers and  
 training. Mr. Coldwell spoke to other  
 officers and men during his recent  
 trip to Britain, France and Belgium.  
 At an Ottawa press conference he  
 said he had received not a single  
 complaint about the number or the  
 quality of Canadian reinforcements  
 for the fighting forces on the contin-  
 ent. Mr. Coldwell also praised the  
 Canadian military medical services  
 as the best in Europe and said men  
 wounded in France or Belgium re-  
 ceived splendid attention and pre-  
 liminary dressings near the front,  
 and were taken to Britain by plane  
 where they were lodged comfortably  
 in hospital within the same day.

### BANK OF MONTREAL

#### FINAL CROP REPORT

Seeding was commenced early in  
 April, and with few interruptions  
 was virtually completed by the end  
 of May. At the outset, the outlook in  
 many areas was not bright, owing to  
 deficiency in moisture reserves. How-  
 ever, timely rains enabled crops to  
 get a good start, and sufficient pre-  
 cipitation during the growing season  
 promoted a sturdy, healthy growth  
 excepting in parts of southern and  
 east-central Alberta, the Peace

River district and extreme southwest-  
 ern and west-central Saskatchewan,  
 where dry areas had developed. By  
 early August, the moisture supply  
 was generally sufficient to fill crops  
 outside the dry areas; heavy stands  
 developed and heads filled well in  
 most districts. Rust infection was  
 negligible and while there were some  
 scattered hail losses, damage on the  
 whole from this source was small.  
 Sawflies were the most active of the  
 pests and did considerable damage,  
 chiefly in southern Alberta and cen-  
 tral and southern Saskatchewan.  
 Harvesting commenced in August,  
 and given reasonably settled weather  
 would have been finished by now.  
 Unfortunately, light to heavy rains  
 have been frequent, causing numer-  
 ous delays and while now completed  
 in most southern and some central  
 areas it will be two weeks before  
 operations are finished in all north-  
 ern sections. This excess moisture  
 also resulted in lowering the grades  
 of crops in parts of all three provin-  
 ces. In addition, frost in northern  
 and east-central Saskatchewan has  
 affected the quality of outturn in  
 those areas. Harvesting of a good  
 best crop is nearing completion.

## Victory Loan Information

Some people would buy Bonds if there were no advertising at all.  
 But, to make each Loan a success, it is essential to sell the largest  
 amount of Bonds to the largest number of people.

Some people are reached best through our daily and weekly news-  
 papers, others through radio, others through speeches and a great  
 number of purchasers of Bonds are made by groups of citizens who  
 belong to service clubs, and so on.

Has the message reached YOU?

If a Victory Bond Salesman fails to call on you, Telephone 74,

## Farm Notes

### POTATO STORAGE

According to Dr. J. S. Shoemaker, Professor of Horticulture at the University of Alberta, there are two distinct stages in potatoes after they are dug. For two months or so after harvesting the tubers are in a resting stage, and during this resting period they won't sprout. Potatoes for table use may be held at about 60 degrees until around the end of the rest period, then the temperature must be lowered. Potatoes held a reasonable time at 60 degrees will have better cooking qualities than those stored at lower temperatures.

However, when potatoes are near the end of the resting stage, they must be cooled to 41 degrees or lower to prevent sprouting. The tubers themselves will generate a small amount of heat and if they have been stored in piles because of scarcity of bags the temperature may be 2 to 5 degrees higher at the bottom than at the surface. If the air temperature is 36 to 38 degrees, sprouting at the bottom of the pile will be largely prevented. Potatoes freeze at 26 to 28° in storage, but should not be allowed, for safety to get below 30 degrees. With reference to ventilation the chief object in introducing outside air is to regulate the temperature. The point is that there should be plenty of opportunity for the air that is enclosed in the storage cellar to circulate.

Dry cellars cause excessive loss of moisture from potato tubers. Potatoes often go through a sweat when first placed in storage and may lose some moisture then. A moist atmosphere, 85 to 90 per cent. relative humidity is necessary for the healing of wounds when the potatoes are first put in storage. In large storage places it may be advisable to wet down the bins and alley ways before the potatoes are stored.

### IRON FOR YOUNG PIGS

A common cause of death among suckling pigs, and particularly those that are raised under more or less artificial conditions, is nutritional anaemia. Pigs farrowed in late fall and winter, closely confined to comparatively small pens with a board or concrete floor, and receiving no minerals apart from those contained in the mother's milk, become anaemic and the mortality among them is high. This condition is not seen to any extent in pigs which are born during the late spring and summer months, when they are out in the

sunshine and have free access to suitable soil and vegetation.

Anaemia in pigs is due to a lack of red corpuscles in the blood which is traceable to a deficiency of iron in the milk supplied by the nursing sow. An excellent way to supply iron to pigs raised in pens is to put soda in the fall from uncontaminated soil and supply one square foot of sod daily to each sow and her litter during the winter. The iron which the young pigs secure in this way helps to make good the iron deficiency in the sow's milk and thus tends to prevent anaemia. Soda should be cut and stored early so that a plentiful supply may be on hand before winter begins.

### WINTER CARE OF CATTLE

As a general principle it is sound practice to develop the breeding herd during the summer months and to a reasonable extent supply them with a maintenance ration throughout the winter. It appears that the fall months between the fly period and freeze up is the natural time for cattle to lay on extra flesh as a reserve to carry them through the winter. In view of this and the fact that gains are made much more cheaply grazing than when fed in the barn, care should be taken to see that the herd has ample nutritious grazing during this period as well as throughout the summer. In many instances farmers are in a position to turn the herd onto stubble land immediately after threshing where there is often sufficient nutritious food to carry the herd until freeze up.

Care of course should be taken to

make that they are not left to rustle unduly late in the fall. For in this way the animals may quickly lose the reserve flesh and stamina that has been built up. When this happens the herd will require particularly good care and expensive feed if losses are to be avoided before spring arrives.

Direct sunshine is an inexpensive method of supplying vitamin D to live stock, but winter days are short in North-Eastern Saskatchewan and the rays of the sun are not so effective during winter months. Accordingly, cattle should be outside during every sunny day preferably in a place where they will be sheltered from the wind.

Most, if not all cattle in Western Canada, are lousy and as winter advances these pests multiply rapidly and become a source of great irritation to the animals. Biting lice chew off the hair with the result that very often by Christmas, bare patches begin to appear on the animal. The lice can be kept fairly well under control by sprinkling a good louse powder along the back around the neck and from the tail head down over the rest of the udder once a week. There are various effective powders on the market, but one containing Derris is best against both sucking and biting lice. Other suggestions are as follows: 1. See that the cattle have access to iodized salt daily; 2. Use a tank heater to take the chill off the water; 3. Plenty of bran to pregnant cows prior to calving.

SAVE YOUR SCRAP RUBBER

## World of Wheat

H. G. L. Strange,  
Director, Research Department,  
Searle Grain Company, Ltd.

The Wheat Pools and Line Elevator Companies announce they will handle wheat at one cent a bushel instead of the official government rate of three cents. The Pools have not paid Dominion income taxes for years, and so perhaps have the savings with which to do this for a certain time. The Line Elevator Companies, however, have been paying each year such income taxes.

For my part I think that this action by Pools and Elevator Companies is wrong and unpatriotic, and will harm our war effort, and I believe most farmers, after careful consideration, will agree with me. This means handling grain at a loss, and so the first result will be to deprive the Government of large sums of tax money it now badly needs to buy food stuffs and munitions to support our fighting sons in the dreadful battles now going on. To collect taxes at first hand from Companies is the quick and economical way for the Government to obtain a large part of the money it must have. If the Government cannot collect taxes on grain from Grain Companies, it may put on a special and costly drive to collect the same sums later from farmers individually. Our farmers, therefore, will pay their share in any event, as they patriotically will want to do. It is quicker and cheaper, how-

ever, for the Government to collect these taxes from the Companies who handle the grain, than it is to collect the same sums from farmers later.

### ITEMS OF INTEREST IN

**THE WORLD OF FOODSTUFFS**  
Lack of rainfall has caused further deterioration to the wheat crop in northern Argentina. It is estimated that Australia's wheat crop will drop to the low level of 60 million bushels this season because of drought. Late crops in the United Kingdom have been damaged by rain.

Information assembled by Government sources indicates that Europe will need less of Canada's wheat in liberated areas than had been anticipated—Argentina's wheat surplus is unofficially estimated at 190,697,000 bushels, compared with 152,446,000 bushels a year ago. The final official estimate places India's wheat crop at 361.8 million bushels, one of the smallest crops in recent years.

### GOOD WORK

Volunteers organized by Wainwright Local Ration Board are distributing 9000 new ration books next week from nine strategically located centres within the Board territory.

At Holden, Mrs. R. Stewart has organized volunteers to distribute 9000 new ration books from five centres in Holden Local Ration Board area.

Efficient organization of the two Local Ration Boards and the splendid work of the volunteer assistants was praised by ration officials at Prices Board headquarters in Edmonton.

# Your Victory Loan Salesman Has This Letter

IT ENABLES YOU TO BUY VICTORY BONDS THROUGH YOUR BANK ON CONVENIENT DEFERRED PAYMENTS

*The Salesman*

Dear Sir:

I enclose application form opening to purchase (for value of \$5.00) Victory Loan Bonds to which is attached cheque for an initial payment of \$1.00. I promise to pay you the balance of the purchase price plus accrued interest at 5% per annum within six months from the date of this letter.

Yours very truly,

Fill out the Letter and attach it to your application—it is an order on your Bank to buy Bonds for you.

You have Six Months to Pay the Bank for the Bonds—The Interest the Bonds Earn Pays the Bank Interest on the Loan. No further security is required.

● You say you want to do all you can to help Canada's war effort. Then you will keep on buying Victory Bonds. You will buy all you can.

You recognize the obligation that we, at home, owe to our men overseas. You know that stocks of munitions which our fighting men need are being depleted and must be replaced. You know that more munitions must go forward—and you will buy Victory Bonds to help pay for them.

You would like to be able to buy more bonds, you say. Well here is how you can do it. You can buy more bonds with money as you get it. Any bank will loan you the

money to do this and the interest on the bonds will pay the cost of the bank loan. All you have to do is to sign the letter shown here—which you can get from your Victory Loan Salesman. You make a first payment of 10% or more when you apply for the bonds, and pay the balance at any time over a period of six months.

You will be doing an important war job when you do this. You will be helping your country and backing up her fighting men. You will get another reward, too, that will benefit yourself. You will have money, later on, when the war has been won—to do things you plan to do—money to improve your farm and your home.

## Hints for the Household

### FOR THAT HALLOWEEN PARTY

Here are a few recipes that will go a long way toward making that Halloween party a gastronomic success:

**Cauliflower-Orange Salad**  
 1/2 cup cauliflower flowerets  
 1/2 cup orange wedges (bite size)  
 2 tablespoons finely chopped green pepper  
 1/2 cup diced celery  
 Few drops onion juice  
 Salt

Combine ingredients and season to taste. Chill; serve on salad greens with lemon French dressing.

**Buttered Toasties with Cheese**  
 3 tablespoons melted butter  
 2 cups corn flakes  
 1/3 cup grated American cheese

Four butter over cereal and toss lightly to distribute butter evenly. Place in moderate oven (350° F.) 5 minutes. Remove from oven. Place in large bowl. Sprinkle cheese over top and toss together until well mixed. Serve warm or cold.

**Cold Baked Bean Sandwiches**  
 1 package quick-frozen baked beans, thawed  
 2 tablespoons chopped crisply cooked bacon  
 2 tablespoons pickle relish  
 1 tablespoon chili sauce

Mash quick-frozen baked beans lightly. Divide in thirds. Add bacon, pickle relish or chili sauce to each third. Spread generously between slices of thinly buttered sliced white or whole-wheat bread. Makes six full sized or twelve triangular sandwiches.

**Bran Ginger Snaps**  
 1 1/2 cups sifted flour  
 1/2 teaspoon salt  
 1/4 teaspoon soda  
 1/4 tablespoon ginger  
 1/2 cup molasses  
 6 tablespoons butter or other shortening

1/2 cup brown sugar, firmly packed  
 1 1/2 cups 40% bran flakes  
 Sift flour once, measure, add soda, salt and ginger and sift again. Place molasses, shortening, and sugar in saucepan and boil gently 2 minutes; stir constantly. Cool to lukewarm. Add flakes and mix thoroughly. Chill until firm enough to roll. Roll 1/4 inch thick on lightly floured board. Cut with 1 1/2 inch cookie cutter. Place on greased baking sheet and bake in moderate oven (350° F.) 10

minutes. Makes 6 doz. ginger snaps.

**Witch's Coffolate**  
 1 cup strong decaffeinated coffee  
 2 squares unsweetened chocolate  
 3 tablespoons sugar  
 Dash of salt  
 3 cups milk

Cake decaffeinated coffee extra strength using 1 1/2 tablespoons for each cup (1/2 pint) water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, beat with rotary egg beater until frothy. Serve hot or cold. Top with whipped cream, if desired. Serves 4.

Remember, when making decaffeinated coffee by pot or percolator, that it needs slightly longer brewing to bring out its rich coffee flavor. Doughnuts, apples, nuts and raisins make a tempting snack, co-starred with a spicy, frothy Witch's Coffolate made of decaffeinated coffee so your guests can all relax over second helps without counting spoons and hobgoblins from their pillow later on. And be sure to remember that decaffeinated beverage needs slightly longer "perkling" to bring out its rich coffee flavor.

**Recipe for Laundry Success**  
 Here are expert tips for home laundresses. Bluing flakes dissolved along with your soap in the wash water will make all clothes whiter and brighter looking without streaks and will avoid the need for a separate bluing job. Dissolving a quarter cake of a specially prepared wax-like product in each quart of starch assures a satiny, dirt-resisting finish and keeps the iron from sticking.

### FRUIT CAKE GIFTS IN CANDIED ORANGE SHELS

Directions for preparing these clever gifts follow: First select the most perfectly shaped fruit. (California naval oranges have smooth - textured, bright peels, especially adapted to candying and are available in large sizes.) Wash and cut slice from top of each fruit. Remove inside of fruit with a teaspoon or melon baller, being careful not to break shell. Cover shells and "lids" with cold salted water. (Add 1 teaspoon salt to each quart water.) Bring to a boil and cook 5 minutes. Drain. Cover again with fresh water and boil 5 minutes.

Repeat process about 3 times or until bitter flavor is removed from peel and peel is tender but not tender enough to break apart. Invert the shells to drain on a wire rack for at least an hour or over night.

For 5 to 6 oranges prepare a syrup from equal parts of sugar and water. Add 1/4 as much corn syrup as sugar. To each 4 cups sugar, 4 cups water, 1 cup corn syrup, add 1/2 tablespoon glycerine. There must be enough syrup to thoroughly cover and float the fruit. Cook shells in this syrup until syrup gives a jelly test (about 220 degrees F.) Let stand in syrup over night or longer. Reheat and cook 10 minutes. Cool in syrup and let stand in syrup until ready to use. Before filling with cake mixture, drain syrup from shell. Fill shells with your favorite fruit cake batter and steam about 3 hours.

Steaming may be done by putting water in the bottom of a roasting pan. Cover bottom of pan with a cloth or rack. Set a covered pan containing the filled shells on rack or cloth. Steam in the oven or on top of the stove. Watch to see that water is kept in bottom of pan. If steaming is done in a regular steamer, wrap each shell in parchment cooking paper.

After shells have been steamed put the candied tops on each and bake in a slow oven (250 degrees F.) for 1 hour or until center of cake is well done. Test with a toothpick. Cool. Store in a covered container. If this confection becomes too dry, place a fresh orange in the container for a day or two to soften it. These confections will keep a year or more if properly stored.

### Fruit Cake Mixture

1 pound butter or substitute  
 2 1/2 cups sugar  
 10 whole eggs, beaten  
 1/2 cup orange juice  
 1 teaspoon cinnamon  
 1 teaspoon mace  
 5 cups flour, sifted  
 1 teaspoon soda  
 7 pounds assorted candied fruit, cut rather fine

Cream butter and sugar together. Add eggs, orange juice and spices. Mix flour, soda and candied fruit. Combine with first mixture. Fill candied shells and bake as instructed above.

Our "Star" recipe for this month merely bears the name "Brown Betty"—a name well known by good cooks for generations.

**Brown Betty**  
 3 large apples pared, cored and thinly sliced  
 1 teaspoon lemon juice  
 4 tablespoons butter or margarine  
 1/2 cup brown sugar, firmly packed  
 1 1/2 cups Grape-Nuts Flakes  
 1/4 teaspoon cinnamon  
 1/4 teaspoon salt

**Beauty for YOU**  
 The Secrets of Good Looks  
 by Barbara Lynn

### BEAUTY FOR BUSY WOMEN

Making the most of one's looks is a lifetime job. And it is very true that time devoted to self-beautifying will be well-repaid. But many readers are too busy to spare the time for extended beautifying treatments, especially when wartime makes its demands on many of us. Here, then, are a few "musts" that I believe even the busiest can fit into her schedule.

In the morning, a few limbering-up exercises, carried out briskly. Then, give your hair a vigorous brushing - and I mean vigorous!

Don't neglect your teeth. Clean them after every meal and morning and night. Look to your nails; they stand out more than ever today. And please don't forget feminine maintenance, whatever you do; take no chances on perspiration odour. A little deodorant cream will look after this for you.

For your complexion, do try the new 60-second massage with lovely palmolive soap; its lather is so refreshing and cleansing and helps to beautify the skin. Simply massage palmolive lather into your skin using a face cloth, for just one full minute. Then a quick rinse and pat dry - you'll find your skin becoming softer and younger looking.

For your make-up, you will save time and ensure skin loveliness if you use Three-Purpose cream and powder, rouge and lipstick to match your skin.

You can look after your hands at odd moments by rubbing them with hand lotion. And while you're doing this, pat a little on your elbows. It helps keep them smooth.

For more detailed treatments write me, in confidence, and tell me your particular beauty problems. Enclose five one-cent stamps for my Beauty booklet. It is so helpful. Address: Miss Barbara Lynn, Box 75, Station B, Montreal, Que.

**A WEEKLY EDITOR LOOKS AT Ottawa**  
 Written specially for the weekly newspapers of Canada

It is now a month since the United Nations Relief and Rehabilitation Administration, known as "UNRRA", met in Montreal. During the 10-day Conference plans were clarified for extending aid to the war victims of Europe and the Far East. From now on you'll be hearing more about UNRRA for the keynote of that Conference was ACTION.

UNRRA is international. Members of 44 Allied and Associated Nations met less than a year ago at Atlantic City, N.J., to establish this humanitarian project. It is designed only to operate in the postwar period—but the scope of its emergency functions are great.

To provide food, clothing and shelter for the starving and homeless; to furnish welfare services for children, nursing and expectant mothers; to prevent the spread of epidemics; to restore to their homelands displaced persons (people who through race, religion, or activities on behalf of the Allies have been moved from their own countries); to help the liberated nations re-establish their own voluntary and governmental services—these are but some of the tasks UNRRA has assumed.

Sounds fine—but how's it financed? Well, each uninvaded member nation has pledged itself to contribute one per cent of its gross national income to UNRRA. Canada's contribution is \$77,000,000. Of this amount 10% is paid in cash for administrative expenses and the other 90% in supplies and services. Already UNRRA has placed large orders for Canadian woollen garments, soap, fish, farm machinery, wheat—

Arrange apples in greased baking dish and sprinkle with lemon juice. Cream butter, add sugar, gradually, and cream together thoroughly. Add cereal, cinnamon and salt, and mix well. Spread over apples. Bake, covered, in moderate oven (350° F.) 30 minutes; then remove cover and continue baking 15 minutes longer, or until apples are tender. Serve plain or with cream. Makes 4 to 6 servings.

and now, as the practical work of relief is at hand, further orders will be received. Footwear, food, medical supplies, timber, motor cycles, trucks, tools—the wheels of our Canadian industry will be kept busy!

Where it is possible the liberated countries will pay in part or in whole for the help they receive—but whether the country can pay or not, whether it has its own resources and skilled people, UNRRA's assistance will do much to hasten rehabilitation.

Financial support and supplies are not the only demand that UNRRA makes on the Canadian people. Men and women of outstanding organising ability and high qualifications are required for the administrative staff in Washington and for service overseas.

Recruiting of Canadian personnel for UNRRA is done through the offices of the Civil Service Commission, with the one exception of appointments to medical personnel which are made by the head office in Washington working through the medical associations. If you live in the East or West and would like to become associated with the UNRRA organization you can send an application to your district Civil Service Commission office.

At the moment UNRRA is looking for 100 to 125 Canadians, mainly for the overseas service. They want men and women, with university or professional training, ranging in age from 30 to 45 years; people with professional experience in welfare work, in the administration of camps, transportation and warehousing officers, rehabilitation specialists in industry and agriculture, and a few in fact a very few, competent secretaries. There is no call for clerical staff. The staff now being organized will form the skeleton of the organization for—as UNRRA commences operating in the liberated territories—supplementary staff will be obtained from the nationals of the country. Therefore, languages, while an asset, are not a necessity since language requirements will largely be taken care of by those nationals who will swell the ranks of the UNRRA staff.

Since UNRRA will operate only in the transitory period it is not expected that the term of employment will be longer than one to two years. The salaries offered are considered quite adequate for the type of service desired, and while on field service overseas the employee will be paid a living and quarters allowance designed to cover the cost of extra living abroad. Provision is also made for medical care and for illness and accident insurance. There is a retirement fund, and the individual may purchase group insurance at a low rate.

Canada has already discharged her financial obligation to UNRRA—the supplies asked for are being provided—but there is still need of the services of these specially qualified men and women. On them, and their associates, will fall the responsibility for the success of this, the greatest venture in mutual aid and service to mankind the world has yet seen. Good old maple syrup and maple sugar, a nostalgic thought for easterners who live in other climes! Nowadays the maple crop is big business. The 1944 crop totalled 3,000,400 gallons which was 34.3% greater than last year, and 18.9% higher than the ten-year average from 1933-42. Even at that there was not sufficient to meet the heavy demand and it sold quickly at ceiling prices. The gross farm value of the crop was \$9,055,300.

**FARMERS! WILL YOU HELP THIS WINTER?**

If you are not required on the farm this winter you should take other work.

Extra winter workers are needed for woods operations—logging and pulpwood and fuel cutting—base metal mines, coal mines, meat packing and cold storage, grain handling, railway track maintenance, iron foundries and other high priority occupations, varying with the area.

Please offer your services to:

The nearest Employment and Selective Service Office; or  
 The nearest Provincial Agricultural Representative; or  
 Your Local Farm Production Committee.

A good response to this appeal is important to Canada's welfare—please act immediately.

Postponement of Military Training continues while in approved essential work off the farm.

"I see the battle-fields of the earth... grass grows upon them and blossoms and corn..."

Walt Whitman

OVER THE HORIZON, peace and victory beckon. Soon the healing growth of nature, which follows victory as the sunrise follows night, will clothe in fruit and grain and flowers the war-carred lands now desolate and fallow.

But victory is not here yet. Peace is still but a promise. This year more than ever, we must fight, we must work, we must lead... we must Invest In Victory by

buying Victory Bonds! Each of us must share in the job... each must do his part by Buying 7th Victory Loan Bonds, and buying more than in the previous loans.

When those we love return, and once more we all breathe the clean, invigorating air of freedom, we shall be glad that we have done our utmost to help make peace real and victory lasting.

167th Victory Wheel draw was won by P. S. Fawcett with No. 1.

This week has been a very busy one in town with the issuing of the No. 6 Ration book when nearly 1100 were handed out at the Telephone Office. Miss Marjorie Mitchell was a very able assistant in this work.

It is hoped that the next three weeks will be equally busy. Les Darby, Earl Hallett, H. R. Brown, Fred Ramsay and Egeg Kingston are all lined up to take as many applications as possible for the 7th Victory Loan.

Maurice Byers had a very close call to a very bad accident when the worm drive of his grain loader caught the leg of his overalls and wound him up tight. Fortunately this stopped the engine and gave him time to extricate himself before he suffered anything worse than a few bruises.

Les Darby's "One Cent" sale brought a large number of people to town during the week.

The directors of the Wainwright, Edgerton and Chauvin held a meeting in the Telephone Office Wednesday.

An interesting local film was shown at the picture show Friday and Saturday. It was a good picture of the cross section of the community and enabled many people to see themselves as others see them.

John Harrison has now taken over the draying business from George Hallett and he and his family have moved into the Jackson house.

Mr. and Mrs. Gilmour and Mr. and Mrs. Reed went to Wainwright to meet the Superintendent of the Bank of Montreal from Calgary.

**GREENSHIELDS**

A large number of ladies attended an interesting and novel shower held by Mrs. Verne Lindberg assisted by Mrs. G. Valenau at the former's home in honor of brides-elect Misses Marcella Plater and Lorna Gunn.

A mock marriage ceremony performed by "preacher" Mary Carl provided entertainment for the assembled guests.

**WHITE CLOUD**

Mr. and Mrs. L. W. Myer arrived from Turner Valley on Tuesday planning to make their home at the flats.

Mrs. L. Wallace has been visiting her family and we are glad to hear she's much improved in health.

Miss Betty Babb spent last week end at home.

M. P. Murray Treffry was out helping Mr. V. Treffry thresh. Any blisters Murray?

**HEATH**

Mr. and Mrs. Arthur Watson, of Artland were visitors at the home of Mr. and Mrs. Mockford over the week end.

Mrs. Mansfield, Sr., is home again from the hospital and feeling somewhat better after her five weeks stay there.

Mrs. Cummings and children arrived this week to make their home at Heath.

Mrs. Sonnen was injured this week when she fell and broke her ribs.

**Notice to Ratepayers**

**CANADA'S VETERANS**  
*Their Post-War Opportunities*

This is the Fourth in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

**Home and Farm Ownership — The Man Who Wants His Own Business**

There are two ways in which Canada's service people can have homes of their own. One measure, the Veterans' Land Act, provides assistance in financing homes on small acreages of land outside the high taxation area, while the re-establishment credit may be used for purchase or building of a home in town or city. Low cost financing is available under the National Housing Act. Under the Veterans' Land Act, assistance is given in financing up to a maximum of \$4800 for land and buildings. The veteran must be prepared to pay down 10 per cent of the cost of land and buildings and the property is then sold to him for this down payment plus two-thirds of the cost. This balance may be financed, if necessary, over 25 years, with interest at 3½ per cent. A further grant may be made for purchase of equipment.

The veteran is given title to the property, including the grant of 23½ per cent of the cost of land and buildings and the money for equipment, after he has lived up to his agreement for ten years.

If the re-establishment credit is used for a home, the veteran must be prepared to put up one dollar for every two dollars used from it. This type of assistance may be applied for at any time within 10 years of discharge.

**FARMERS AND COMMERCIAL FISHERMEN**

Veterans qualified for full time farming and for commercial fishing may receive assistance in purchasing a farm or home under the Veterans' Land Act in the same way as the veteran wanting a home on a small acreage, outside the high taxation area. In the case of full time farming, an additional grant of \$1200 is available for purchase of stock and equipment, and in commercial fishing the commercial fisherman may receive up to \$1200 to buy needed fishing equipment. To benefit under any of the three provisions of the Veterans' Land Act, the ex-service man or woman must have overseas service or at least 12 months' service in Canada.

**TO ASSIST BUSINESSMEN**

One purpose for which the re-establishment credit may be used is to buy a business or to provide working capital for a business. Here again application may be made at any time in the 10 years after discharge.

In addition to using the re-establishment credit in this way, people who start their own businesses, or farmers, may draw maintenance grants, during the period they are awaiting returns from the business or the farm. These grants may be paid in the first 18 months after discharge, for the period of service, and up to a maximum of one year.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

Issued under the authority of Hon. Ian A. Mackenzie, Minister of
